New Generation Crypto Super App

"Connecting people with today's finance"

Introduction

What is Finnector?

Finnector is a next-generation Web3 Super App that seamlessly integrates DeFi, SocialFi, NFT Marketplace, Launchpad, and Web3 Jobs into a single, hybrid decentralized ecosystem. By offering a multi-functional, user-centric platform, **Finnector** empowers crypto traders, investors, influencers, and blockchain projects to connect, trade, earn, and engage in a frictionless environment.

Unlike traditional crypto platforms that focus on a single use case, **Finnector** unifies the entire Web3 experience—from trading and staking to content creation, project fundraising, and community-driven engagement.

**There are 5 billion social media users in the world,
but none offer seamless Web3 integration.
Finnector is changing that.**

Vision & Mission

VISION

To redefine the Web3 experience by creating the most inclusive, interconnected, and rewarding crypto ecosystem, where finance, social networking, and decentralized commerce merge into one unified platform.

MISSION

- ✓ Empower Crypto Users – Provide a seamless and accessible Web3 experience for all.
- ✓ Revolutionize SocialFi – Create the first true decentralized social media ecosystem integrated with crypto incentives.
- ✓ Bridge TradFi & DeFi – Enable smooth cross-chain, cross-platform, and cross-sector integration.
- ✓ Foster Global Crypto Adoption – Eliminate barriers to entry and onboard millions into Web3.
- ✓ Enable Sustainable Web3 Monetization – Help users earn through staking, SocialFi engagement, and DeFi trading.

Finnecter: You are where your social life meets the financial world

SocialFi and DeFi combine to offer you a unique experience. Have fun on social media, earn in DeFi, attend events, multiply your earnings!

Airdrop, Bounty and bounty events, staking, NFT Marketplace, launchpad and many sales models, Futures and Spot sales, Swap and DEX, everything you are looking for in Finnecter Super App is on a single platform.

Comprehensive Ecosystem Integration

Finnecter seamlessly combines launchpad, DEX and swap functions in a single, user-friendly platform. By eliminating the need for multiple tools, we provide a seamless experience for both investors and project teams.

NFT and Token Integration

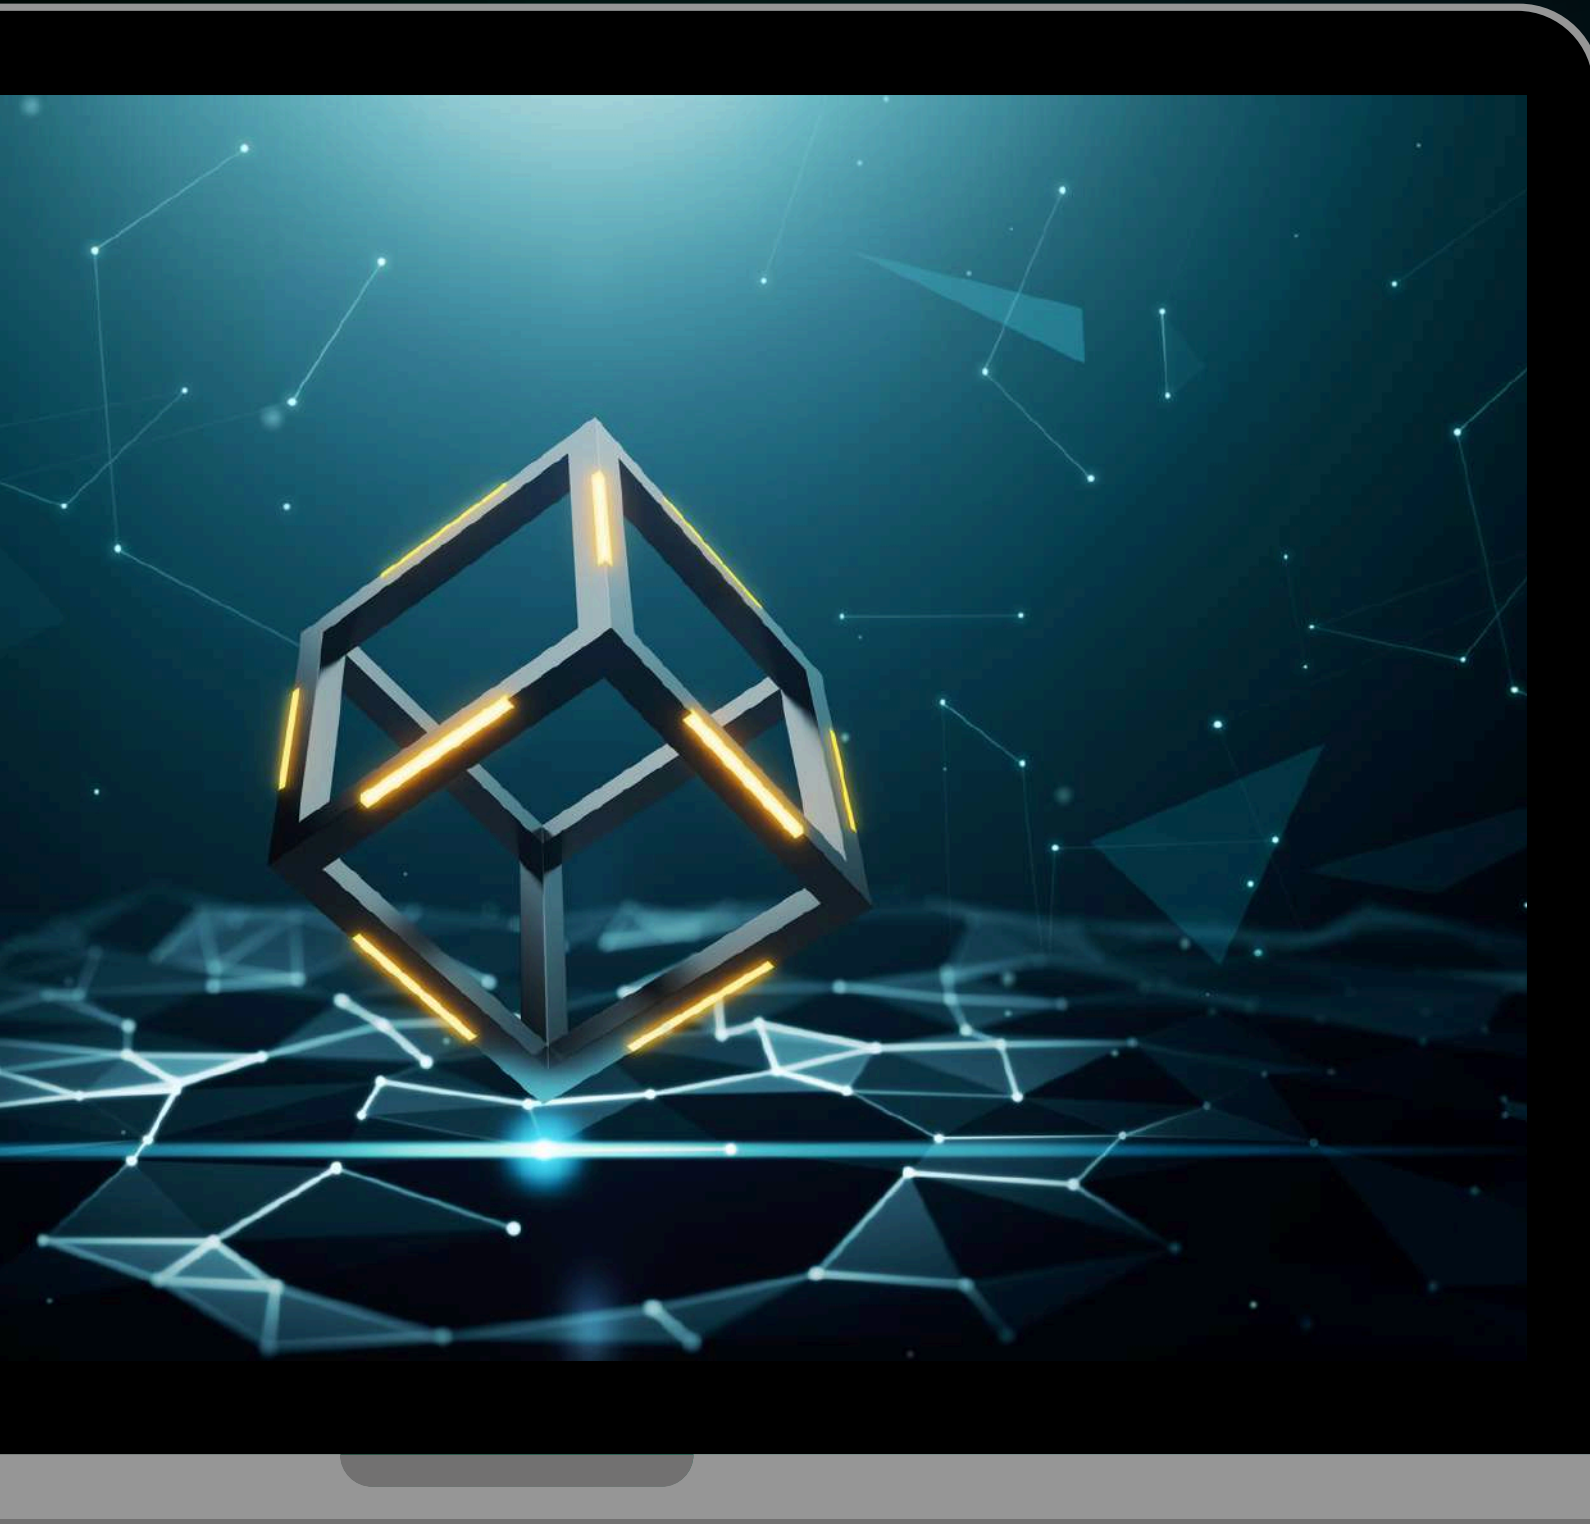

Finnecter is not just about DeFi; it is about empowering creators. Our NFT token sales provide unique and limited asset trading, providing creative revenue opportunities for projects and valuable collectibles for users. At the same time, Finnecter helps NFT designers expand the boundaries of their collections beyond the social world, show your art to a wide audience on social media!

Finnecter is enough for everything.

A lightbulb is illuminated, casting a warm glow. It is positioned in front of a chalkboard that is covered in various hand-drawn business sketches, including flowcharts, graphs, and diagrams. The sketches include a lightbulb, a document, a graph with a line and data points, a bar chart, a pie chart, a flowchart with boxes labeled 'PLAN', 'IDEA', 'TEAM', 'Job', 'Peop', 'Money', 'Finance', 'Conce', 'SUCCESS', 'MARKETING', and 'TEAM WORK'. There are also mathematical formulas like $a^2 + b^2 = x^2$ and $x^2 + y^2 = z^2$, and percentages like 70%, 60%, 40%, and 20%. The background is dark and textured, suggesting a chalkboard or a similar surface.

FINNNECTER

vs Other Crypto Super Apps

OTHERS

◆ LogX (Decentralized Everything)

Focus: Fully decentralized modular DeFi trading platform.

Strengths: Cross-chain trading, high liquidity, DEX & Launchpad support.

Weaknesses: Lacks SocialFi or NFT Marketplace, no user-based social engagement.

◆ Plena (AI-Driven Crypto Super App)

Focus: AI-powered crypto wallet & DeFi hub.

Strengths: Seamless CEX & DEX integrations, AI-based portfolio recommendations.

Weaknesses: No decentralized SocialFi platform, only third-party dApp integrations.

◆ Nostra Finance (Web3 Social Finance)

Focus: SocialFi & DeFi integration.

Strengths: Web3 payments, finance-driven social engagement.

Weaknesses: No DEX or NFT Marketplace, semi-centralized structure.

◆ Legion Network (Web3 Gaming & DeFi Hub)

Focus: Gaming, NFT Marketplace, and DeFi tools.

Strengths: GameFi economy, NFT Marketplace & Launchpad services.

Weaknesses: No SocialFi, partially centralized token economy.

FINNECTER

1 Finnector Offers a More Comprehensive Platform Than Competitors

- ◆ While other Super Apps specialize in only one or two areas, Finnector combines DeFi, SocialFi, NFT Marketplace, Launchpad, and Web3 Jobs in one platform.
- ◆ Finnector is the only platform that provides all core Web3 services under one roof.

2 Finnector's SocialFi & Web3 Jobs are Unique Features

- ◆ Unlike competitors, Finnector introduces a decentralized social media network with monetization features.
- ◆ The Web3 job marketplace allows freelancers and DAOs to connect directly with blockchain projects—a feature not available in other Super Apps.

3 More Diverse & Scalable Revenue Model

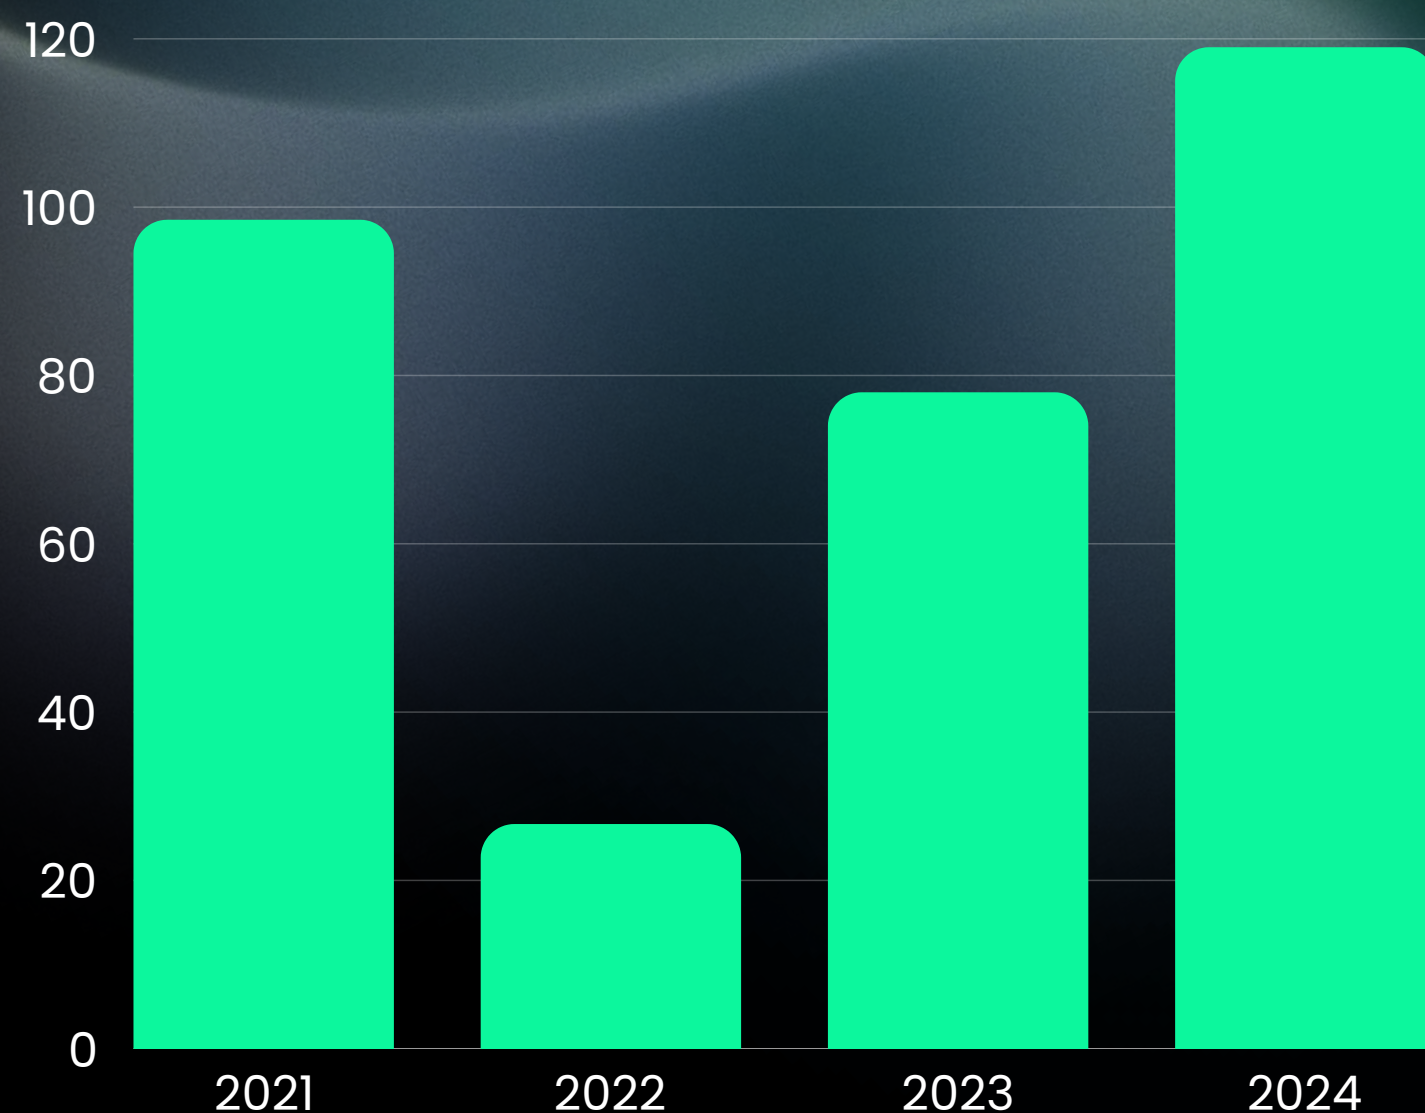

- ◆ Subscription-based revenue (Pro Memberships, Influencer & Exchange Premium Accounts).
 - ◆ Ad-based revenue from SocialFi, influencer promotions & ranking placements.
 - ◆ Transaction fees from trading, NFT sales, staking, and airdrop listings.
 - ◆ No other competitor has such a multi-layered and sustainable business model.

4 User Growth & Community Focused Strategy

- ◆ 2026 goal: 500,000+ users, 100+ project partnerships, 10M+ transactions.
- ◆ A stronger marketing & community-building plan compared to competitors.

DeFi Market Analysis

The DeFi market reached a market value of \$98.5 billion in 2021. In 2022, the DeFi market experienced a 72.9% decrease to \$26.7 billion. In 2023, the market value increased by 192.1% to \$78.0 billion. In 2024, the DeFi market grew by 52.6% to reach a market value of \$119.0 billion.

- The growing and evolving DeFi world dominates the vast majority of the crypto industry. For this reason, we have to meet the needs and provide maximum service to our users. Each service we develop in line with our goals is carefully planned and implemented.

SocialFi Market Analysis

Number of SocialFi Users: The number of users, which was 4.20 billion in 2021, reached 5.04 billion in 2024.

- The undeniable growth of SocialFi and the increasing number of its users day by day also reveal the shortcomings and needs of the sector. With Finnector, where SocialFi and DeFi are designed together, we aim to provide our SocialFi users with a unique experience by combining the wide range of advantages offered by DeFi, and promise maximum efficiency and transactions in a single application.
